COVID-19 Mobile Vaccine Project Hotline Expanded to Residents 75 and Older

Chehalis, WA –The Lewis County Mobile Vaccine Project (LCMVP) hotline and waitlist have been expanded to Lewis County residents age 75 and older (previously 85 and older). Depending on vaccine availability, residents will be able to sign up for appointments at the time of their call or will be added to the waitlist and contacted to schedule an appointment as vaccines become available. The hotline may be busy at first, so callers are encouraged to try back if needed.

Lewis County residents age 75 and over are encouraged to call the LCMVP hotline at 888-205-1321 and sign up for the COVID-19 vaccine waitlist. The hotline is staffed Monday-Friday from 9:00 a.m. to 3:00 p.m.

LCMVP is a collaborative effort between Lewis County Health and Social Services, Bird's Eye Medical, Twin Transit, and United Way. Bird's Eye Medical will be the vaccine provider, Twin Transit will provide hotline support and transportation for those in need, and United Way of Lewis County will provide volunteer support.
